## SECTION 01

# Shift readiness

Complete these controls before releasing the area for work.  
Escalate any failed item to the duty lead before proceeding.

**ACCESS**

Routes, exits, and exclusion zones are marked and unobstructed.

**EQUIPMENT**

Safeguards are fitted and energy-isolation status is confirmed.

**PEOPLE**

The shift roster, competencies, and visitor briefing are current.

**HANDOVER**

Open actions have an owner, priority, and due time.

**ESCALATION**

---

Stop work if a critical control is unavailable. Record the condition, notify the duty lead, and restart only after the control is verified.

## SECTION 02 / INTERACTIVE FORM

# Inspection record

INSPECTOR NAME

SITE OR AREA

INSPECTION DATE

OVERALL CONDITION

**VERIFICATION**

- ☐ Access routes are clear
- ☐ Equipment safeguards are verified
- ☐ Open handover actions are reviewed

SECTION 03 / INTERACTIVE FORM

# Handover approval

HANDOVER NOTES

APPROVER

☐ I confirm the recorded controls are complete for shift release.
